Analysis Report

On the basis of conducted survey in our institution, we have used questionnaire method and two different sets of questionnaire were given to teachers and students. The motive was to collect feedback on the course material and content delivered during their entire course programme.

Teacher's Views :- The opinion was extracted with 63 number of teachers and it is concluded that the number of FDP's planned for faculties are still needed to be extended out and there is a proper requirement of set up to deliver the lectures using updated tools & equipment. Few points concluded were as follows :-

- Teachers views were quite similar to the previous session collected data.
- They founded that every course has a well set pattern. And the updated data can make the course program more effective.
- The university must set compulsory guidelines to make human values program to completely effective.

Student's Views :- The collection of the feedback from the college students was done between 120 students. It was concluded that there were so many students who have responded that the course provided to complete a program is not sufficient still .It need some regular modifications Few more factors were identified with feedback :-

- Seminars conducted on development of soft skills was seems to be a core point of interest for so many students.
- Conduct of more number of cultural and educational events and number of responses were there showing a favor regarding it.
- Students were in favour that slides presentation based studies have laid a powerful impact on study factor.
