Analysis Report

On the basis of conducted survey in our institution, we have used questionnaire method and two different sets of questionnaire were given to teachers and students. The motive was to collect feedback on the course material and content delivered during their entire course programme.

Teacher's Views :- The opinion was extracted with 75 number of teachers and in the mentioned below Few points concluded were as follows :-

- With this innovative method of collecting feedback on the part of teacher and student the institution can cover up the several problems on which university can work later on.
- The course material must be introduced with more practical features.
- Participation of students through their presentation work is required.
- Due to change in facts and figures, there are few tools in which some content needs the updation.

Student's Views: - The collection of the feedback from the college students was done between 150 number of students. It was concluded that there were so many students who have responded that the course provided to complete a programme is not sufficient. It doesn't explore as per the external requirement. Few more factors were identified with feedback :-

- Moral values and ethics was seems effective and preparing students to deliver their duties.
- Students were also interested to take part in cultural and educational events and number of responses were there showing a favor regarding it.
- Regular CT was also appreciated.
- Students were in the favor to reconcile their efforts and participants more and more in the academic activities.
