Information and Communication Technology- "It's not that we use technology, we live technology"

| Title of the practice | Conduction of Workshop on ICT Tools & Skills For Students and Faculty |
|------------------------|--|
| a) Goal | <ul style="list-style-type: none"> • <u>R.S.D Academy</u> conducted a workshop on ICT Tools & Skills to provide exposure to the faculty on various freely available ICT tools which they may use in teaching-learning and web based academic support • The goal is to provide hands on training to the faculty about creative use of such technological tools for providing innovative learning solutions. • The ICT workshop in School Education aims at preparing youth to participate creatively in the establishment, sustenance and growth of a knowledge society leading to all round socioeconomic development of the nation and global competitiveness. |
| b) The Context | <ul style="list-style-type: none"> • We focused on the ways teachers would use ICT to enhance learning: i.e. research, communication, collaboration, innovative pedagogies and tools. • ICT helps students to think critically and creatively and to reflect on their own learning process. They even set their individual goals for growth and development of their potentials. |
| c) The Practice | <p><u>R.S.D. Academy</u> conducted a workshop on ICT Tools & Skills for the faculty and students to train them: College has organized the peer based training. This ensured that teachers and students are trained in the context of their workplace.</p> <p><u>The participants gained the key fundamentals and principles of ICT integration in the curriculum.</u></p> <p>ICT Tools helps Students so that they can study through online resources. There are different resources through which it will be helpful for students to understand topic. Students can learn from their place and at any time.</p> |
| d) Evidence of Success | <ul style="list-style-type: none"> ▪ This Workshop provided teachers with many hands on opportunities to explore and discover basic components of a computer and fundamentals of Operating system; how to use the computer to write (using Ms Word), solve mathematical issues (using Ms excel, and create presentation (using Ms PowerPoint). |

| | |
|----------------------------------|--|
| | <ul style="list-style-type: none"> ▪ Several PowerPoint Presentations and promotional videos were shown to teachers. The teachers explored the content of the video, discussed and learnt a lot from the best practices of innovative teaching from across the world. ▪ This Workshop provided students with many hand opportunities to explore and discover basic components of a computer and how to use the computer to write (using MS Word) so that Students can make their assignments using MS Word using creative designs and templates. ▪ Students take online classes and get required knowledge about the subject. |
| <p>e) Problems</p> | <ul style="list-style-type: none"> ▪ The Workshop is very good but more time is needed for perfection purposes. ▪ Despite the internet problems, the teachers and students got a chance to practice what they had learnt e.g. editing profiles, editing pictures, joining communities and creating communities. |

Organic farming: "Save the Planet...Buy Organic"

| Title of the Practice | Installation of the Practice |
|-------------------------------|---|
| a) Goal | The aim of organizing the Organic Farming Practice was to spread awareness among students regarding the necessity of protecting environment. Another objective of the same was that students can convey the importance of recycling materials & resources to the greatest extent possible within the enterprise from the program, to their family members. The Program was attended by 150 students and faculty members of the institution. |
| b) The Content | Students are exposed to Commercial farm within the college campus to get know-how that creates an opportunity for students to engage and tone up their endurance, confidence and management skills. |
| c) The Practice | The R.S.D Academy had made Emphasis on case studies and inter-personal based teaching to develop skills in analytical thinking and reflective judgment by reading and discussing complex, real-life scenarios. |
| d) Evidence of Success | <ul style="list-style-type: none">● The Program has been conducted by the R.S.D Academy. In this, the college welcomed all the students and faculty members. The agenda of the program was to convey the message of the importance of Organic Farming.● Principal of R.S.D Academy also showcases the growing of various crops using mineral nutrient solution. Thus students learn the art of growing with the ethics of mineral nutrients. |
| e) Problems | <ul style="list-style-type: none">● The basic problem while conducting the program was the lack of awareness about Organic Farming.● Another problem was with the attendees as all the students did not join the program due to lack of information about the program. |
