**Teacher's View**

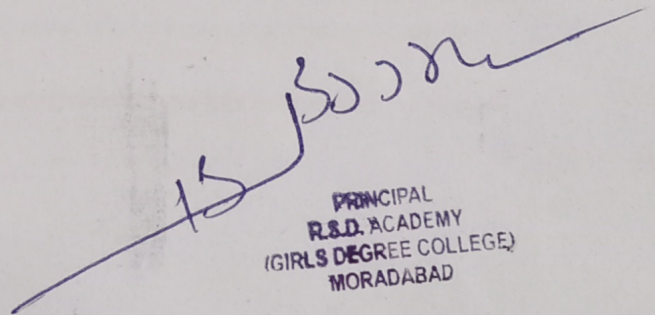

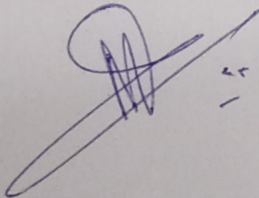

The opinion was extracted with 15 no. of teachers and in the mentioned below few points was as follows:-

1. Teacher's view was quite similar to the previous session collected data.
2. University can plan for a scholarship program for those students who are good in academics.
3. The teacher's equipment need to innovate as per the latest technology new method of teaching in pandemic of covid-19 everything is online.
4. Books for different courses are very limited Teachers who are a good Degree holder they can publish their own book for different courses.
5. The formal pattern of education is not sufficient. It sets only a structure where one way communication seems to get fit, so there is need to introduce the plan to raise the student's participation & according to new education policy the education is now out come basis so two ways communication is very very essential.

**Student's view**

The Collection of the feedback from the college was done between 184 numbers of students. It was concluded that there were so many students who have responded that the course provided to complete a program is not sufficient. It does not explore as per the external requirement few more factors were identified with feedback.

1. The interest towards the seminar conducted on moral values in ethics was seemed to be in core point of interest for so many students.
2. Course content and conduct of regular changes in different course at required.
3. Course content must be properly segmented.
4. Students were in favour of slide presentation based studies as it is more useful in online session due to Pandemic Covid-19 majorly the online classes is there and they led a powerful impact on study factor.

**Analysis Report**

On the basis of conducted Survey in our institution we have used questionnaire method and two different set of questionnaire were given to teachers and students. The motive was to collect feedback on the course material and content delivered during their entire course program

**Management view**

The opinion was extracted with 16 number of people in management and in the mentioned below few points were as follows-

- Management view was quite similar to the previous session collected data.
- Management is satisfied with the syllabus and choice of subject provided by the University
- Management is satisfied for the scholarship programme of a quota people but it has suggestions that the University can plan for the scholarship programme for those students who are good in academics.
- The method of teaching according to management need to be upgraded there will be more amount of practical exposure:- Role play, extempore, GD's involved.
- The management should also have certain innovative methods to be involved to increase student participation.
- Webinar and seminar must be encouraged for two-way communication.
- Research papers by the experienced faculty must be encouraged by management.
- Books for different courses are very limited teachers who are a good degree holder they can publish their own book for different courses.
- According to management all sound development of student is equally important as the academic development and for this time-to-time;
- Co- curricular activities which may include cultural, sports, general awareness etc. is being done in the college.

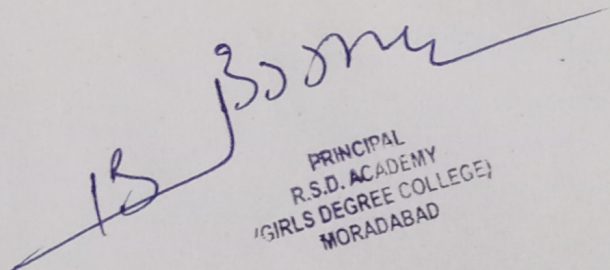

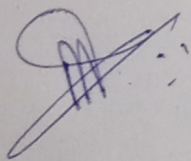

**Alumni's View**

The collection of the feedback from the college Alumni was done b/w 50 members of alumni. It was concluded that there were so many Alumni who have responded that the course provided to complete a programme at their time was not sufficient.

It does not explore as per the external requirement few more factors were identified with feedback.

All the alumni's has suggested that they are lacking in practical expose only theoretical aspect is being taught to them.

So the corrective measures as a feedback is given by alumni are being taken by giving them certain practical exposure to the current student. By organizing the Industrial tour to that they should get familiar with the practical environment in a proper way.
